RESPONSE

Hon. Commissioner of Patents and Trademarks
Washington, D.C. 20231

Sir:

Responsive to the Office Action dated November 7, 2000,
having a due date of February 7, 2001, which has been extended by
three months by the contemporaneously filed Petition of Extension
of Time, now having a due date of May 7, 2001, Applicant hereby
submits the following Amendment.

REMARKS

Claims 1, 2, and 10-13 stand rejected under 35 U.S.C. §
102(a) as being anticipated by Takahashi et al. "Synthesis of
Fe₁₆N₂ Films by Using a Reactive Plasma" (1993).

Applicant respectfully points out that a number of
5 conditions are different than present invention as compared to
the applied reference. The total pressure of the present
invention is different along with the heat treatment conditions.
In this case, the heat treatment is done in a vacuum form,
